## Progress Summary

A cumulative financial and physical progress of RUDP as of **October 2019** has been witnessed to **34.81%** and **35.82%** respectively. The physical and Financial progress achieved by the project during this reporting period (**October 2019**) is **0.74%** and **1.44%** respectively (refer Appendix XIV).

The group B (FWP/P7) municipalities (Dhangadhi, Bheemdatt, Godawari, and Shuklaphanta) and Group A (none P7) municipalities, mainly Biratnagar did not record significant progress. The progress attained by RUDP and its implementing agencies are summarized and given in table 1 below.

**Table 1, Summary of RUDP progress, %**

Description	Implementing

All Project municipalities of Group A (non FWP or P7) have successfully mobilized contractors and consultants. The physical progress achieved by non FWP (P7) project municipalities is satisfactory except Biratnagar.

The RPIU and project municipalities of FWP (P7) have been progressed significantly in this reporting period. PBER (Municipal Office Building of Godawari and Shuklaphanta) of 1 package and TBER of 3 packages (Road and drainage works of Dhangadhi, Godawari and Shuklaphanta) against proposed 9 packages are in approval process at ADB NRM. Similarly, IFB of road and drainage, Bheemdatt has been published on 4<sup>th</sup> October 2019. Detailed Engineering Design Reports of ISWM facilities of Godawari and Shuklaphanta have been finalized, and WWTP of these two municipalities are also in reviewing process.

FWP (P7) Project municipalities have expended Nrs. **141,551,810.00** (83.2%) under 2<sup>st</sup> yr PBSEDP against Nrs. **170,133,473.00** grant ceiling. The overall expenses on socio- economic infrastructure and GESI related activities is Nrs. **53,209,213.00** or **36.40%**. 3<sup>rd</sup> year (2019/20) Ceiling grant for this program has also been finalized and municipalities are working for ANNUAL plans and programs.

PCO has successfully mobilized all proposed consultants except International Solid Waste Management Expert (ISC).

## 1 Introduction

This is the **Twentieth** Formal Monthly Progress Report (MPR) of the Project Management Consultant (PMC), Regional Urban Development Project (RUDP - ADB, Loan 3566-NEP, Project: 47252-002). This report gives an insight to the project's status and progress achieved since its implementation and on the period of **October** 2019. The report highlights the consolidated progress achieved by RUDP and its implementing agencies likely PCO, RPIU and PIUs. The progress shown is based on the information received from the PIUs of Group A (non P7) project municipalities and from RPIU, Dhangadhi for Group B (**FWP or P7**) project municipalities.

### 1.1 Project Implementation Units

The Project Coordination Office (PCO) established under DUDBC, MOUD has an authority equivalent to other GON Departments. It is responsible for overall project management, implementation, monitoring and coordinating with ADB and central level line agencies for smooth project implementation. It also serves as point of contact with ADB, maintains project documents, and submits timely reports (quarterly progress reports, half yearly reports, yearly report, midterm report and project completion report) to ADB by consolidating relevant inputs. The other responsibilities of PCO are to consolidate accounts and submit withdrawal applications to ADB for reimbursement, open and manage imprest account for ADB loan etc. There are four implementing units established in each Group A (none P7) municipalities and a RPIU in DUDBC, Federal Project Implementation Unit (FPIU), Dhangadhi to implement RUDP sub- projects at Group B (FWP or P7) municipalities. Other four Project Implementation Sub Units (PISUs) are also functioning in Group B (FWP7) municipalities to implement Performance Based Socioeconomic Development Programs (PBSEDP) and others.

### 1.2 Major Project Components

The project has sub-project components grouped into three interactive categories: (i) Develop Urban Infrastructure in the Municipalities; (ii) strengthen the Capacities of Municipalities; and (iii) Improve Urban Planning and Project Preparation Capacity.

Following Table presents total procurement packages and estimated budget for the projects.

**Table 1.1 Proposed Procurement Packages**

Procurement Type	Package Type	Number of contracts or person month		Estimated Budget, USD million (wo VAT)
		As per PAM	Revised	
Works and Equipment's	ICB	9 contracts	10 contracts	131.91
	NCB	1 contracts	4 contracts	0.58
	Shopping	9 contracts	10 contracts	0.30
	Community	40 contracts	40 contracts	1.50
Consulting Services	QCBS	2,263 person-months (9 contracts)	2263 pm (9 contracts)	12.25
	ICS	27 person-months (6 contracts)	1 contracts	0.21

#### 1.2.1 Group A (non P7) Municipalities

A separate Design Supervision Consultant (DSC) to support PIU, Biratnagar Metropolitan City and Construction Supervision Consultants (CSCs) to support PIUs of Birgunj Metropolitan City, Nepalganj Sub-Metropolitan City and Siddharthanagar Municipality have been mobilized (refer **Appendix I** for key information).

Accordingly, one each civil contractor has also been commencing their works in all Group A (non P7) municipalities (refer **Appendix XIII** for detail).

The proposed sub-projects (for detail refer **Appendix II**) to be implemented in Group A (non P7) municipalities are shown in following **Table**:

### 1.2.2 Group B (P7) Municipalities

A Regional Project Implementation Unit (RPIU) has been established to implement major sub project components for Group B (FWP or P7) municipalities. RUDP will coordinate with the concerned local level stakeholders, implement and monitor resettlement plans, GESI action plans and IEEs for sub-projects in project municipalities. To support RPIU, a Design Supervision Consultant (DSC) has been mobilized (refer **Appendix I** for key information) and stationed in Dhangadhi. The proposed sub projects (for detail refer **Appendix III**) to be implemented in Group B (FWP or P7) municipalities are presented in **Table 1.3**.

Four Project Implementation Support units (PISUs) have also been established to support RPIU and project municipalities, and to implement Performance Based small socio-Economic Development Projects (PBSEDP) in all four municipalities. The provisioned Institutional Development Consultancy (IDC) has finally been hired and mobilized to support PISUs and Group B (FWP or P7) municipalities.

## 2 The Consultants

The project has been recruiting five types of consulting services: a) Project Management Consultant (PMC, refer **Appendix I** for key information) to support PCO at central level for monitoring and evaluation, reporting, overall planning, risk management, institutional development support, and coordination and to ensure the project implementation is in compliance with loan agreement between GoN and ADB. The PMC has to assist the PCO in meeting the relevant requirements of GoN and ADB for project implementation and provide institutional development assistance and guidance to the non P7 municipalities, b) Design and Supervision Consultant (DSC) to design and conduct construction supervision of all subprojects for Group B (FWP) municipalities, c) DSC for detailed design & costing of ISWM and construction supervision of sewerage, road & drainage system for Biratnagar MC, d) Construction Supervision Consultants (CSCs) to supervise construction work for Birgunj MC, Siddharthanagar municipality and Nepalgunj Sub-metropolitan City, and e) Institutional Development Consultant (IDC) for Group B (FWP) municipalities (Dhangadhi Sub-metropolitan City, Bheemdatt municipality, Godawari municipality and Shuklaphanta municipality) to strengthen capacity for improved municipal asset management, strengthen municipal revenue mobilization and financial management capacity and improve urban planning. The IDC will also assist for the gender equality and social inclusion mainstreaming, and implementing performance based socioeconomic development program (PBSEDP). In additions, it's support has been envisioned for implementing the software activities of SWM like capacity development on SWM, 3R activities, procurement and distribution of waste segregation bins for source separation of waste.

Apart from above international SWM specialist (ICS) has to be recruited to support PCO and provide technical support to all project municipalities.

### 2.1 Mobilized Consultants Team

Except international solid waste management specialist (ICS), all other consultants have already been mobilized in their respective municipalities. PMC to support PCO, DSCs to support PIU of Biratnagar and RPIU of Dhangadhi have been mobilized on 3 January 2018, 6 September 2017, and 1 September 2017 respectively. Additionally, CSCs for Birgunj, Nepalgunj, Siddharthanagar and IDC for P7 municipalities have also been mobilized on 26 November 2018, 3 December 2018, 1 February 2018 and 16 October 2019 respectively.

The summary of mobilized consultant's key experts and input till **October** 2019 is shown in **Table 2.1**. (For detail ref Appendixes).

## 2.1.1 Service Delivered

The PMC has delivered following major services in **October 2019**:

- a. Reviewed final Resettlement Plan of Road and Drainage works of Dhangadhi municipality,
- b. Reviewed and discussed a number of times VO-01 (works) of Nepalgunj with TL CSC, Nepalgunj,
- c. Prepared and submitted Monthly Progress Report (MPR-019) for September 2019.
- d. Prepared and submitted Quarterly Progress Report (QPR-07) for (July-September) 2019.
- e. Prepared and submitted brief report on implementation of PBSEDP 2018/19 (FY 2075/76) with remarks,
- f. Submitted PMC observations on Draft Aid Memoire of ADB Loan Review Mission fielded on 23 August – 03 October 2019,
- g. Provided advises on various issues and problems related to the project planning, design (P7) and implementation (non P7).

**The ongoing activities of PMC are as follows:**

- a. Prepare stakeholder's analysis, consultation strategy and communication plan for detailed engineering design and investigation of ISWM facilities of Group B (P7) municipalities (Dhangadi and Bheemdutt) and Group A (non P7) municipality, Biratnagar covering both technical and social part,
- b. Continuously follow up for individual consent letter to be included in final Resettlement Plan, Birgunj,
- c. Monitor agreement status of Siddharthanagar municipality and Ms. Bhawani Rijal Belbase related to grievances of Ms. Rijal,
- d. Review Draft Detailed Engineering Design Report of Waste Water Treatment Plant (Faecal Sludge Management Plant) for Godawari Municipality submitted by DSC P7,
- e. Review Draft Detailed Engineering Design Report of Waste Water Treatment Plant (Faecal Sludge Management Plant) for Shuklaphanta Municipality submitted by DSC P7,
- f. Review Final Storm Water Drainage net-work Master plans of all FWP (P7) project municipalities submitted by DSC P7,
- g. Review Final Road Network Master plans of all FWP (P7) project municipalities submitted by DSC P7,
- h. Review Final Resettlement Plan for road and drainage works of Dhangadi,
- i. Review EoT proposal for Road and Drainage works submitted by PIU Biratnagar,
- j. Review revised VO-01 for Road and Drainage works submitted PIU Biratnagar,
- k. Conduct training on Project Management Information System (PMIS), Content Management System (CMS) and Web site operation and management system to RPIU and remaining PIUs, DSC and CSCs,
- l. Assist PCO in various issues, review IPCs/MPRs etc. and other documents submitted by DSC/CSC through PIUs and RPIU.

## 2.2 Joint ADB Loan Review Mission and Time Bound Action Plan

3<sup>rd</sup> RUDP-ADB Loan Review mission was fielded from **23 August 2019 to 03 October 2019**. The mission successfully conducted fielding works discussed with all project stakeholders and shared Draft Aid Memoire.

The 2<sup>nd</sup> Loan review mission was fielded from **15 November to 10 December 2018**, and discussions were held with the officials of MoUD, DUDBC, PCO, RPIU, and Project municipalities, PIUs, Consultants and Contractors involved in the implementation of RUDP. The mission has identified various short term actions to be done to meet the objectives of the project by mobilizing various implementing agencies (refer **Appendix IX, Table 1.2** for the status of Action Plan). Similarly, status of remaining time bound action plan agreed on ADB Inception Mission fielded from **12 January to 2 February 2018** is also shown in **Appendix IX, Table 1.1**.

## 2.3 Proposed Activities for next month

The main activities of PMC for next month will be the following:

- a. Prepare and submit MPR-21,
- b. Prepare and submit withdrawal application,
- c. Review Draft Final Long Term Urban Development Plan of FWP Project municipalities,
- e. Receive and submit individual consent letter for RP (social safeguard) report of Birgunj,
- g. Review IPCs and QPRs/MPRs submitted by DSCs/CSCs or PIUs/RPIU and provide comments and suggestions to PCO, if any,
- h. Review various documents to be submitted by DSC of Group B (FWP) municipalities related to Detailed Engineering Design, IEE, GESI/RP and others,
- i. Continue monitoring work on GESI implementation Action Plan and compliance of Loan Covenants,
- j. Identify training needs in GESI, Safeguard, Finance and monitoring the works,
- k. Continue to ensure GESI effectiveness in project municipalities,
- l. Continue training/orientation to PIUs/PISUs/RPIU and project municipalities on financial/project accounting, and ADB's disbursement guidelines,
- m. Disseminate animation prepared for SWM awareness program in P7 municipalities and Biratnagar,
- n. Continue to monitor training of trainers for municipal staff on GESI mainstreaming,
- o. Continue to monitor collection of disaggregated data, monitor and prepare progress reports to ensure GESI targets and approaches (GESI PLAN) in community development program and poverty clusters,
- p. Continue to monitor workshop to be conducted, five-year work plan and annual work plan for GESI mainstreaming,
- q. Finalize design criteria and standard specification for, electrical and mechanical works,
- r. Conduct orientation/training on FIDIC procedure on contract management to PCO/ RPIU /PISUs/PIUs and municipal staff,
- s. Finalize guidelines for project management and contract administration,
- t. Continue to update RUDP website and conduct monitor project activities under PMIS,
- u. Finalize RUDP Plans, Programs and Procurement Plans for next FY 2076/77,

v. Finalize monitoring format for MPR, QPR, and others,

### 3 Civil Contractors

#### 3.1 Contract Data

The contractors have been hired and commencing their work in all non P7 project municipalities. The key information of contractors hired by PIUs of Group A municipality and project status is tabulated on **Appendix XIII**.

#### 3.2 Key Personnel

Contractors are liable to mobilize their key personnel described in contract agreement. The summary of mobilized personnel of contractors are given in **Appendix XI**.

#### 3.3 Laboratory

Contractors commencing work in all non P7 Municipalities (Siddharthanagar municipality, Biratnagar MC, Nepalgunj SMC, and Birgunj MC) have established laboratory and conducting lab test of construction materials.

#### 3.4 Plant and Equipment

**Appendix XII** shows summary of Plant and Equipment required and mobilized by contractors at sites.

### 4 Physical Status of Project

#### 4.1 General

This section presents overall physical progress of sub-project components of each project municipalities. The information is received from the respective project implementation units for Group A (non FWP) municipalities and Regional Project Implementation Unit for Group B (FWP) municipalities.

#### 4.2 RUDP Sub Project (P7 municipality)

The RPIU and Group B (FWP) municipalities have not achieved any significant physical work progress since project inception. However, the progress achieved in urban planning, surveying, detailed design work, and procurement process etc. on sub projects of each municipality are described in following sub headings.

##### 4.2.1 Bheemdatt

The main output of RUDP is to develop urban infrastructure<sup>1</sup> (**Appendix III**) in the municipalities. Under this output, about **36.60** km Road and Drainage at **8** road sections, Integrated Solid Waste Management Facility to serve about 10,700 hh (Land fill site area is 12.87 hac) and decentralized Waste Water Treatment Plants to serve around 2,000 hh has to be developed at Bheemdatt municipality. Other output consists of Capacity Development of municipality, under which development of socio-economic infrastructure based on PBSEDP, GESI activities, preparation of urban master plan and its controlling measures; and introduction of GIS house numbering in utility and IPT system.

**a) Urban Development:** Consultant has prepared GIS based base maps, submitted digital copies, and presented to DUDBC. It has developed draft existing/proposed land use plan, and risk sensitive land use map. The consultant has submitted, Draft Final Road and Drainage network plan, and Draft Urban Development Plan. A workshop has been conducted to finalize the draft long term urban development plan. DSC has briefed about land pooling technique and process, and discussed its pro and cons with municipal ward officials. Municipality has not yet to finalize site for Land Pooling.

**b) Integrated Solid Waste Management (ISWM):** DSC has assessed present municipal capacity on ISWM. Similarly, it has studied composition of solid waste and determined per capita (hh) waste generation of municipality.

<sup>1</sup> Identified by ADB, PPTA

All three alternate sites were visited by joint ADB loan review mission. Municipality has promised to select one for detailed survey and investigation works as early as possible. DSC is preparing to conduct stakeholder's analysis, consultation strategy and communication plan.

**c) Road and Drainage:** The consultant has completed detailed surveying of **36.19** km road of **14** road sections. While, municipality has requested to add **9** km more road section for survey and design. Bidding Documents of proposed road and drainage construction work has been finalized and IFB has been published, accordingly. Due to cost constraint **14.01** km urban road and **20.63** km storm water drainage has been proposed under RUDP.

**d) Integrated Waste Water Treatment Plant:** The sites are yet to be identified for WWTP. Consultant's proposal for source characterization has been approved.

**e) Social Safeguard and GESI:** Bheemdatt municipality has formed GRM/GRC, and record keeping system at municipal level. The consultant has prepared GESI action Plan, comments of which have been forwarded. ISWM exposure visit, GESI training and workshop on 3R activities were conducted. Total 279 including 88 (31.5%) female of community people and municipality staffs were benefited from those activates. To ensure the project activities effectiveness, 7 times project progress review meeting has been carried out. 2 event on consultation and identification of priority needs women, poor and socially excluded groups has been organized. 97 persons including 14 (14.4%) female were participated in event. 4 consultation event on project's resettlement plan and framework has been done in different project affected area. Total 142 project affected (including 21, 14.8% female) people were benefited by consultation event. (**Appendix: XVIII, Table: A, B, C, and D**). Similarly, comments on Final RP of road and drainage has been forwarded.

**f) Environmental Assessments:** The submitted IEE ToR for urban roads & drainage construction has been presented at MoUD. Accordingly, final ToR has been submitted to MoUD incorporating comments and suggestions.

**g) Performance Based Socio Economic Development Program (PBSEDP):** The municipality has implemented 2<sup>nd</sup> year PBSEDPs based on the revised grant ceiling (Nrs. **46,166,872.00**) and approved program for FY 075/76. It spent about **93%** (Nrs. **42,948,935.00**) of total ceiling. It has spent Nrs. **16,759,325.00 or 39%** of its total expenditure to GESI and socio-economic development activities.

#### 4.2.2 Dhangadhi

One among the many outputs of RUDP is to develop about **34.00** km Road and Drainage of **15** road sections, Integrated Solid Waste Management Facility to serve about 10,000 hh (Land fill site area is 12.87 hac) and decentralized Waste Water Treatment Plants to serve around 3,000 hh at Dhangadhi sub metropolitan city (DSMC). Other outputs and activities are similar to that of Bheemdatt municipality.

**a) Urban Development:** Consultant has prepared GIS based base maps, submitted e-copy, and presented to DUDBC. It has developed Draft existing/proposed land use plan, and risk sensitive land use map. Consultant has completed, Draft urban development plan, pre-feasibility study of LP scheme, draft final master plan of Urban Roads and Draft Storm Water network plan. A workshop has been organized to finalize Urban Development Plan and municipal vision.

**b) Integrated Solid Waste Management (ISWM):** DSC has completed baseline study of existing solid waste practices, determined physical composition of solid waste and per capita (hh) generation of waste. It has also completed topographical survey of proposed ISWM site located at the bank of Mohana River and Kailai Nala. But due to opposition of locals residing to and surroundings of site, municipality has proposed an alternate site. The site has been visited by 3rd loan review mission. The mayor has promised to make it available for further engineering survey and investigation work soon.

**c) Road and Drainage:** The consultant has completed detailed surveying of **47.307** km

road of **24** road sections. Due to budgetary constraint, Bidding Documents has been prepared only for **10.25 Km**, and accordingly TBER has been finalized and forwarded to ADB for concurrence.

**d) Integrated Waste Water Treatment Plant:** The consultant has drafted design of septic tanks, institutional and public toilets. But sites are yet to be fixed. Similarly, consultant has determined waste water characters at source and finalized design concept note.

**e) Social Safeguard and GESI:** DSMC has formed GRM/GRC, and record keeping system at municipal level. Draft GESI action plan has also been prepared. Earthquake resilience building construction training to mason and GESI training activities were conducted. Total 169 including 61(36.1%) females were benefited from those activates. To ensure the project activities effectiveness, 6 times project progress review meeting has been carried out. 3 event on consultation and identification of priority needs women, poor and socially excluded groups has been organized. 48 persons including 2 (4.2%) female were participated in event. 3 consultation event on project's resettlement plan and framework has been done in different project affected area. Total 37 project affected (including 8, 21.6% female) people were benefited by consultation event. (**Appendix: XVIII, Table: A, B, C, and D**). Additionally, final RP for road and drainage has also been finalized.

**f) Environmental Assessments:** Resubmitted IEE ToR for urban roads & drainage construction has been approved by MoUD. Accordingly, final IEE report has been submitted.

**g) Performance Based Socio Economic Development Program (PBSEDP):** The municipality has implemented 2<sup>nd</sup> year PBSEDPs based on the grant ceiling (Nrs. **68,395,366.00**) and approved program for FY 075/76. It spent **72.60%** (Nrs. **49,648,780.00**) of total ceiling. The municipality has spent Nrs. **17,300,094.00** or **35%** of total expenditure to socio-economic development and GESI activities.

#### 4.2.3 Godawari

In addition to development of approximately **20** km of Road and Drainage at **6** road sections, Integrated Solid Waste Management Facility (Land Fill site area is 16.93 hac) and decentralized Waste Water Treatment Plants to serve around 6,600hh and 2,000hh respectively, Godawari municipality has to construct Municipal office building under RUDP. All other outputs and activities to be developed at this municipality are same as described for other P7 municipalities.

**a) Urban Development:** Consultant has prepared GIS based base maps, submitted e-copy, and presented at DUDBC. It has also developed Draft existing/proposed land use plan, and draft risk sensitive land use maps. The consultant has submitted, Draft Urban Development Plan, Draft Final master plan of road and storm water drainage. DSC has also organized briefing and discussion program on land pooling technique and process, its pros and cons focusing on municipal ward officials. Municipality has not finalized LP site for pre-feasibility study. A workshop has been organized to finalize long term urban development plan and municipal vision in the presence of stakeholders.

**b) Integrated Solid Waste Management (ISWM):** DSC has completed baseline study of existing solid waste practices, determined physical composition of solid waste and per capita (hh) waste generation. The proposed SWM site located at Chukidanda Community forest has been shifted towards upstream, accordingly CFUG has endorsed to provide required land for ISWM facility with number of conditions. The final Detailed Engineering Design report of ISWM facility has also been finalized.

**c) Road and Drainage:** The consultant has completed detailed survey, design, and cost estimate of about **24.20** km of **11** road sections. However, due to budgetary constraint Bidding Documents for **16.53** km road length has been prepared, accordingly, TBER has been finalized and submitted to ADB for approval.

**d) Integrated Waste Water Treatment Plant:** Consultant has drafted design of septic tanks, institutional and public toilets. It has determined waste water characters at source and

finalized detailed engineering design report.

**e) Municipal Building:** PBER has been finalized, accordingly approval of the same has been received, though, the cost of the building is higher than the budgetary provision.

**f) Social Safeguard and GESI:** Godawari municipality has formed GRM/GRC, and record keeping system at municipal level. Draft GESI action plan has been prepared. Income generating training to MUKTA KAMAIYA, Mason training on earthquake resistant building construction, PHOHAR BATA MOHAR, and BET BAANS training activities were conducted. Total 113 including 50 (44.2%) females were benefited from those activates. To ensure the project activities effectiveness, 4 times project progress review meeting has been carried out. 2 event on consultation and identification of priority needs women, poor and socially excluded groups has been organized. 33 persons including 4 (12.1%) female were participated in event. 4 consultation event on project's resettlement plan and framework has been done in different project affected area. Total 37 project affected (including 4, 6.9% female) people were benefited by consultation event. (**Appendix: XVIII, Table: A, B, C, and D**)

DDR for the construction of municipal office building and ISWM facility has been submitted. In additions, final RP for road and drainage has also been submitted.

**g) Environmental Assessments:** The resubmitted IEE final ToR for ISWM facility work has been submitted to MoUD for approval. While, final IEE report of Road and drainage is in approval process.

**h) Performance Based Socio Economic Development Program (PBSEDP):** The municipality has implemented 2<sup>nd</sup> year PBSEDPs based on the grant ceiling (Nrs. **34,197,683.00**) and approved program for FY 075/76. It spent **91.04%** (Nrs. **31,134,258.00**) of total ceiling. It has expended Nrs. **14,880,213.00 or 48%** of total expenses to socio-economic development and GESI activities.

#### 4.2.4 Shuklaphanta

One among many outputs of RUDP is to develop about **8.0** km Road and Drainage of **4** road sections, Integrated Solid Waste Management Facility (Land Fill site area is 9.69 hac) and decentralized Waste Water Treatment Plants to serve around 3,400 hh and 400 hh respectively, build a Municipal office building at Shuklaphanta municipality. All other remaining outputs and activities to build at this municipality are similar to that of other P7 municipalities.

**a) Urban Development:** The consultant has prepared GIS based base maps, submitted e-copy, and presented at DUDBC. It has developed draft existing/proposed land use plan, and draft risk sensitive land use map. DSC has submitted Draft Urban Development Plan, Draft Final Storm Water Drainage and Road Network master plan, and pre-feasibility study of Land Pooling schemes. A workshop to finalize long term urban development plan and municipal vision has been conducted in broad participation of stakeholder's presence.

**b) Integrated Solid Waste Management (ISWM):** DSC has assessed present municipal capacity on ISWM. Similarly, it has studied composition of solid waste and determined per capita (HH) waste generation of municipality. The AGM of CFUG has decided to provide the proposed site (additional land also) to municipality to develop ISWM site. Accordingly, the detailed engineering design has been finalized.

**c) Road and Drainage:** The consultant has completed detailed survey, design, cost estimate and of about **8.514** km road of **4** road sections. However due to budgetary provision IFB of **4.77** km road has been published, accordingly TBER is in approval process.

**d) Waste Water Treatment Plant:** Consultant has completed draft designs of septic tanks, institutional and public toilets. Similarly, characterization of Waste Water at source and Detailed engineering design report of WWTP has been finalized.

**e) Municipal Building:** PBER has been prepared, accordingly approval of the same has been received. However, the estimated cost is much higher than budgetary provision.

**f) Social Safeguard and GESI:** Shuklaphanta municipality has formed GRM/GRC, and

record keeping system at the municipal level. It also organized discussions with locals on ADB and GoN safeguard policies. To ensure the project activities effectiveness, 5 times project progress review meeting has been carried out. 2 event on consultation and identification of priority needs women, poor and socially excluded groups has been organized. 58 persons including 8 (13.8%) female were participated in event. (**Appendix: XVIII, Table: B and C**)

DDR prepared for ISWM facility and Municipal office building has been submitted. Similarly, final RP for road and drainage has also been submitted.

**g) Environmental Assessments:** Final IEE ToR for ISWM facility has been submitted to MoUD. While, for road and drainage work rapid environmental assessment has been prepared and submitted.

**h) Performance-Based Socio-Economic Development Program (PBSEDP):** The municipality has implemented 2nd year PBSEDPs based on the grant ceiling (Nrs. **21,373,552.00**) and approved program for FY 075/76. It spent **83.37%** (Nrs. **17,819,837.00**) of total ceiling. It also expended Nrs. **4,269,581.00** or **24%** of total expenses to socio-economic development and GESI activities.

### 4.3 Other sub project (Non P7 municipalities)

ADB has been supporting four non P7 municipalities with an additional investment to complete ongoing infrastructure sub projects financed under IUDP and STIUEIP. The progress achieved by the PIUs of concerned municipalities since their commencement is described in following sub headings:

#### 4.3.1 Biratnagar

PIU Biratnagar has been implementing one sub project under RUDP: Biratnagar Sewerage, Road, Drainage, Footpath, Road Furniture work and solar street light (Contract no. RUDP/ICB/BRT/2) and also carrying out detailed design and costing work of ISWM facility. The contractor has been mobilized and has commenced its work. The progress of this contract is attached in **Appendix XIV**.

The overall Physical and financial progress in civil work achieved as of **October** 2019 by PIU Biratnagar was **79.64%** and **78.81%** respectively. Whereas, the progress of this reporting month was **1.14%** (Physical) and **3.45%** (Financial) respectively.

Project orientation workshop to community has been carried out in different 9 location of project area. Total 348 including 78 (22.4%) females of community people were participated from those activates. 3 times project orientation to contractor has been conducted. Total 73 (including 4, 5.5% female) person from contractor's staffs i.e. management, laborers, field supervisors were oriented. To ensure the project activities effectiveness, annual participatory community monitoring meeting has been carried out. 4 consultation event on project's resettlement plan and framework has been done in different project affected area. Total 27 project affected people were benefited by consultation event. (**Appendix: XVIII, Table: D, E, F, and G**)

#### 4.3.2 Birgunj

Birgunj municipality has been implementing Road, Drainage, Footpath, Road Furniture, Bypass road and Bus-Bays under RUDP. Though the contractor was hired on 13 June 2018, the work has been commenced on December 2018 only after mobilization of consultant (3 December 2018). The progress of this contract is attached in **Appendix XIV**.

The overall Physical and financial progress of Birgunj as of **October** 2019 was **40.00%** and **40.44%** respectively. While, physical and financial progress in this reporting month was **2.04%** and **3.51%** respectively.

Project orientation workshop to community has been carried out in different 5 location of project area. Total 257 including 64 (24.9%) female of community people were participated from those activates. 2 times project orientation to contractor has been conducted. Total 53

(including 4, 7.5% female) person from contractor's staffs i.e. management, laborers, field supervisors. To ensure the project activities effectiveness, annual participatory community monitoring meeting has been carried out. (**Appendix: XVIII, Table: E, F, and G**)

### 4.3.3 Nepalgunj

PIU Nepalgunj has been implementing Road, Drainage, Footpath and Road Furniture (contract no. RUDP/ICB/NEG/3) under RUDP. The PIU Nepalgunj has mobilized its contractor and work is in progress. The Physical progress till reporting period is **98.997%**, whereas, financial progress is **102.8%**. The item wise linear progress is shown in **Appendix XIV**.

The Physical and Financial Progress of Civil works of Nepalgunj SMC in **October** 2019 was **0.00%** and **1.39%** respectively.

### 4.3.4 Siddharthanagar

Under RUDP Siddharthanagar PIU has been implementing Siddharthanagar Drainage, Roads, Footpath and Road Furniture construction work (contract no. RUDP/ICB/SN/4). The progress achieved by Siddharthanagar PIU is presented in **Appendix XIV**.

The overall Physical and financial progress achieved till **October** 2019 by PIU Siddharthanagar in civil work was **99.00%** and **101.71%** respectively. Whereas, the progress in the reporting period was **1.00%** (Physical) and **4.46%** (Financial) respectively.

## 5 Financial Status of the Project

### 5.1 General

The financial status of Project till **October** 2019 has been described in following sub headings.

### 5.2 Consolidated Disbursement

A summary of the consolidated disbursement achieved by the project (PCO, RPIU, and PIUs) as of **October** 2019 is given in **Table 5.1**. A detailed breakdown of disbursement of expenditures of each implementing units as of **October** 2019 is given in **Appendix XV**. The disbursements are noted according to the financial records kept by the project offices in the Nepalese calendar and accordingly converted to Georgian calendar month.

**Table 5.1 Summary of Disbursement and Expenditure of RUDP as of October 2019**

### 5.3 Financial Activities for November 2019

The following activities have been planned for November 2019:

- a) Receive monthly SOE from the PCO, RPIU, PISUs and PIUs required to prepare the monthly progress report,
- b) Follow up PCO, RPIU (PISUs) and PIUs for their project accounts and financial reports,
- c) Disseminate financial information of project to all concerned,
- d) Submit withdrawal application to ADB, (for status as of October 2019 see Attachment)
- e) Conduct financial related orientation/training to RPIU/PIUs/PISUs,
- f) Establish budget control and financial monitoring system,
- g) Submit un-audited project financial report.

## 6 Work Progress

### 6.1 Physical

The overall physical progress of RUDP is 35.82% till October 2019. However, progress on reporting period, October 2019 is 0.74%.

### 6.2 Financial

The overall financial progress till October 2019 and reporting period (October 2019) is 34.81% and 1.44% respectively.

## 7 Major issue and Remedial Action

- a) Delay in conducting Detailed Engineering Survey, investigation and design of ISWM sites of Dhangadhi, Bheemdatt and Biratnagar due to obstruction of locals resulting delay in the contracting process and commencement of development work.  
Municipalities and RPIU should immediately identify alternate sites and handover to DSC for survey and investigation work. Municipalities should focus an awareness program by developing ICT materials,
- b) Delay in finalization of Land Pooling (LP) Sites for Dhangadhi and Bheemdatt and prepare DPR has been encountered poor project progress and compliance.  
Concerned municipality and RPIU should take necessary initiative and finalize LP sites.
- c) Delay in approval of TBER of Road and Drainage Works (Three Packages) of Dhangadhi, Godawari and Shuklaphanta due to ADB's suggestion to conduct technical evaluation of bidding document submitted by GoN debarred bidder to participate in bidding process.  
ADB and PCO should find out the solution in close coordination of MoF and PPMO as early as possible.
